CITY OF SMYRNA, GA
CONCORD ROAD LINEAR PARK LANDSCAPE IMPROVEMENTS

Smyrna, Georgia is seeking bids for a unit-price contract to install new landscaping along the north side of Concord Road Southeast between the Evelyn Street SE sidewalk connection and the property located at 1115 Concord Rd SE in Smyrna, Georgia. This work will complete phase two of the linear park and cover the required trees to be planted for the restaurant out parcel and parking located at the intersection of Hollis. The City's expectation for this work is that it be of the highest caliber. Care will be taken to follow the planting details and specifications on this job to the letter and for all plant materials shall be subject to rejection if they do not meet the minimum size and quality standards. The scope of work is broken into specific scopes in order that the bids may be better analyzed and in case value engineering is required. Line item bids are required for the plants so that if any plants are added or deleted for field level changes, the price is set in the contract at its inception.

This project is being bid at the same time as RFP 17-016 "Spring Road Streetscape & Median Landscape Improvements" and the City reserves the right to award this project to the same contractor if it's in the best interest of the City.
